INSTALLATION GUIDE FOR FIRENZE 2 LAMP POST 2.2 METRE

[View Firenze Lamp Post](#)

NOTE

Installation of the lamp post must be performed by a qualified electrician.
The mains power must be disconnected prior to installation. Simply switching off the power is not sufficient.

Assembly and installation.

1. Assemble and secure the anchor bracket for the fitting in plate (NB not included).
This is not necessary for gatepost fittings.
2. Assemble the fitting.
3. Connect wiring.
Blue cable = neutral
Brown cable = live
Yellow/Green cable = earth
4. Mount the light on the anchor bracket.
5. Insert glass and bulb (s).
6. Reattach the cover of the fitting.
7. Switch on mains power and the light is ready for use.
