TABLE LAMP INSTRUCTIONS

- Fit shade over lamp holder and secure with shade ring.
- Fit lamp bulbs of type and wattage indicated. Do not exceed maximum wattage.
- Plug in and switch on.

Safety, Maintenance and Care Instructions

- Never touch the bulb if the lamp is switched on or if it has just been switched off in order to avoid burning.
- To avoid electrical shocks never uncover the on-off switch or try to insert objects into it.
- Avoid direct contact of the lamp with water.
- Before replacing a defective bulb, unplug the lamp and let it cool down for at least 10 minutes.

- If necessary, the lamp can be cleaned with a clean dry or slightly damp cloth. Do not use polishes or abrasive cleaners, as this may damage the finish. ****CAUTION:** unplug it at least 10 minutes before cleaning.
- The lamp should be placed on a dry and clean surface.
- Only use the lamp indoors.
- If the external cable or cord of this lamp is damaged it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person.
- If the plug is damaged and requires replacement, a UK approved 3-pin plug fitted with 3A fuse should be used.
