This spike light is designed to be used exclusively with the PLU/350 power supply unit (cost £23.90 each +vat), each power supply unit will run up to 3 lights. The PLU/350 power supply as it is should be mounted indoors or can be fitted outside using the waterproof enclosure.

PLU/350 Power supply

PLU/350 waterproof enclosure

Another option which makes wiring in the elements safer and much easier is using the JB2 junction box this is a fully waterproof enclosure that has 1 in point and up to 3 lighting outlets depending on whether other JB2 boxes are to be connected.

JB2 Junction box

How many PLU/350 power supplies will I need?
